Standard Inseam (mid-calf)	17	19	— 20 —	21	— 22 —	— 23 —				

SIZING SUGGESTIONS

- Pant inseams available with -1, -2, +1 OR +2 Lengths.
- In the event of indecision we suggest sizing up one size.
- We highly encourage teams to request samples so that sizing can be handled appropriately based on your garment selection.

HOW TO MEASURE

BUST

With arms down at sides, measure around the upper body, under arms and around the fullest part of bust

WAIST

Measure around the belt line. This should be over where your waistband is on a pant or short

INSEAM

Measure from the top of your inner leg to specified length.

midcalf

- Please note that ALL ProLook softball pants are a low rise waist.
- Using a cloth tape measure, measure the circumference of the players waist. This measurement should be taken at the same position where the belt on a pair of typical jeans would normally be. Note that this position is not up on the waist, or down on the hips. (example to the right)
- If a players waist measures 38", then you would order a size 38 pant. If they measure 39" you would order a size 40 pant.

HOW TO MEASURE THE WAIST FOR A PROLOOK SOFTBALL PANT
